Front-End Developer with 5+ years of experience building scalable web applications using **React, React Native, Next.js, TypeScript, and modern frameworks**. Open to opportunities in **Taiwan and Luxembourg**.

EXPERIENCE

Front-End & Mobile Developer

Mar. 2026 - Present

Cyberrr
Luxembourg

Work paused since 27th June 2026 due to work permit restrictions.

- Building Cyberrr's iOS and Android app from greenfield using React Native (Expo SDK 54), TypeScript, and GraphQL
- Shipping features across authentication (Apple Sign In, 2FA), real-time messaging, communities, certifications, and ID verification
- Migrating frontend integrations from Supabase to GraphQL across 8+ product domains using codegen and adapter-pattern abstractions
- Collaborating with backend, product, and design teams to improve scalability, maintainability, and development workflows

IT Help Desk Technician (Fixed-term Contract)

Jul. 2025 - Jan. 2026

Luxportal Consulting – assigned to Bank of China Luxembourg
Luxembourg

- Supported hardware and software setup, including Windows upgrade projects (Win7 → Win11)
- Troubleshooted system and user technical issues, ensuring smooth IT operations
- The employer expressed interest in extending the contract.

Front-End Developer

Apr. 2021 - Jun. 2025

ACCUPASS
Taipei, Taiwan

- Developed and maintained React/Redux user interfaces for Taiwan's leading event platform serving 3.2M+ members and 60M+ monthly page views
- Built a cross-project UI library with Storybook & TypeScript
- Developed a new C-end website using Next.js App Router with SSR, including cross-site routing and legacy React site integration
- Developed Facebook ad editor and analytics dashboards using Chart.js, enabling organizers to track campaign performance
- Integrated WebView support for native apps, enabling deep linking and postMessage-based communication
- Supported i18n and Google Analytics 4 for localization and tracking
- Created MJML email templates for outreach marketing campaigns

Front-End Web Development Student

Oct. 2020 - Mar. 2021

Institute for Information Industry
Taipei, Taiwan

- Demonstrated strong front-end web development skills, including HTML5, CSS 3, and JavaScript
- Led team in the development of a full-stack e-commerce website using React, Node.js (Express), MySQL, Bootstrap, and jQuery, applying skills learned in a 582-hour learning program

Digital Marketing Specialist

Apr. 2020 - Jun. 2020

AimHit Communications
Taipei, Taiwan

Management Trainee

Sep. 2018 - Sep. 2019

Wuhan DDMC Culture & Sports Co.,Ltd.
Beijing, China

Retail Sales Associate

Oct. 2017 - May 2018

Atlanta Hawks
Atlanta, United States

EDUCATION

Master in Sport & Entertainment Management

2015 - 2017 (GPA 3.96)

University of South Carolina
United States

Bachelors of Economics

2010 - 2014

National Taiwan University
Taipei, Taiwan

PROJECTS

Portfolio <https://weihsuanlee.vercel.app>
tete <https://tete-tennis.com>

A mobile tennis journal that helps players record matches and practices, track their progress, and reflect on their game

- Independently developed and published a tennis journal app on iOS and Android using React Native and Expo
- Built match and practice logging, opponent profiles, performance dashboards, and AI-assisted tennis stroke analysis

AI Sponsor Finder <https://github.com/weihsuanlee/v0-ai-sponsor-finder>

An AI-powered tool that helps sports clubs discover relevant sponsors, evaluate their fit, and create personalised sponsorship pitches

- Built a full-stack application using Next.js, TypeScript, Google Gemini, and the Vercel AI SDK
- Developed an agent workflow combining web search, website parsing, company profile extraction, and sponsor fit scoring
